

BOOKKEEPING & PAYROLL SERVICES

Better Manage Your Financial Information

Dalby, Wendland & Co., P.C., provides a variety of specialty services to create efficiencies and streamline in-house accounting and bookkeeping processes. These additional services can save valuable time and reduce costs for small and medium-sized businesses, and organizations such as homeowner's associations and nonprofit groups.

Bookkeeping and Payroll Services

We can provide full service support to fit your specific organizational needs. Our professionals act as an integrated part of your team. We can provide you permanent services, assistance for your current in-house staff, or fill in for temporary needs.

- Accounts receivable and accounts payable management for keeping accurate financial records
- Financial statements and management reports
- Payroll preparation, monthly/quarterly payroll tax filings, and annual W-2's
- Transaction processing and bank reconciliations
- QuickBooks® Certified ProAdvisors, including:
 - Set-up, training, and ongoing support
 - Point-of-sale and contractor software editions

Our professionals can help reduce your operating expenditures and increase your confidence that your business is observing mandatory payroll rules and regulations, avoiding late payment of payroll taxes that may result in severe penalties. Using Dalby Wendland bookkeeping services leaves you more time to focus on running your business, and it also ensures you stay in compliance with state and federal authorities.

Ask Us About These Additional Special Service Offerings

DWCFast® - Your Financial Accounting Services Team: DWCFast® is a cloud-based collaborative accounting package for small businesses that automates the way you handle accounting tasks. Powered by Bill.com® and Cloud9, DWCFast® allows you to work smarter, faster, and safer.

Exclusive QuickBooks® software discounts: Because many of our bookkeepers are QuickBooks® Certified ProAdvisors, we can pass along exclusive software discounts on QuickBooks® products to our clients.
