

# AGRICULTURE & RANCHING

Ag producers and ranchers today face many challenges. A successful producer/rancher understands the need to be flexible, the integration of innovation into operations for sustainability and growth, and staying ahead of the important legislation affecting the industry.

Business management techniques can help enhance your bottom line. Such practices may especially be beneficial for states like Colorado where preserving open space can contribute to the general value of the land.

Dalby, Wendland & Co., P.C., can help your operation success. Specialized services we provide include:

## Tax Services

- Income tax return preparation and filing, including multi-state taxes
- Planning and strategy, including tax incentives, and tax breaks related to natural disasters
- Depreciation schedules, including depreciation options and elections
- Estate and gift tax
- Cost segregation studies
- 1031 exchanges and conservation easements

## Consulting Services

- Business planning, financial projections, and budgets
- Cash flow management
- Economic analysis of operations for expert witness testimony
- Entity and organizational structure
